

Adjustment of 2001/02 Distribution Tariffs for TUoS Rebate - Effective 1 February 2002

ElectraNet SA advised ETSA Utilities of estimated rebates to its transmission network charges (TUoS), effective from 1 January 2002. ETSA Utilities is required to pass these rebates through to retailers. Rather than alter our prices to be effective 1 January 2002 and inconvenience Retailers with retrospective billing adjustments to their customers, ETSA Utilities will amend the TUoS rebate effective 1 February 2002.

ETSA Utilities will pass on the transmission rebates by maintaining the existing 7.06% reduction in its transmission charges component of all its published distribution tariffs until 31 January 2002 and then apply a 0% reduction from 1 February 2002. The revised tariffs will apply until 30 June 2002. In accordance with the South Australian Electricity Pricing Order (EPO), the South Australian Independent Industry Regulator (SAIIR) has approved our pass-through proposal.

The invoice that ETSA Utilities forwards to distribution network users (retailers) for network usage will continue to be based upon the total network charge payable. It will be determined by the use of a network price that is derived from the transmission and distribution prices approved by the SAIIR for use in 2001/02 less the transmission rebate, as set out in the attached set of prices. The rebate will not be shown individually on each invoice. GST has been included in the price list. Our invoices will generally be GST-inclusive invoices.

The rebate can be calculated by using the billing quantities specified on the invoice and the transmission rebate price component as set out in the attached set of prices.

We expect a change in the TUoS rebate from 1 July 2002 and will advise retailers of the changes to the distribution charges at that time. Note that Distribution Tariffs will also change on 1 July 2002. We expect to advise retailers of these prices in June 2002 after the SAIIR has approved prices.

If retailers require clarification on these invoicing matters, please contact the Manager Customer Service, Graeme Baker on (08) 8404 5163.
