Provision of first tier metering equipment and second tier type 5 metering installations

	Daily Meter Charge	Upfront installation charge	Daily meter cost credit	Upfront installation cost credit
All Charges Exclude GST				
Single phase one element	\$0.12453	\$64.02	\$(0.01121)	\$(64.02)
Single phase two element	\$0.16785	\$73.92	\$0.00000	\$(73.92)
Three phase direct connected	\$0.29552	\$113.87	\$(0.04274)	\$(113.87)
Three phase CT connected	\$0.39148	\$110.90	\$0.00000	\$(110.90)

Charges for meter data services for first tier metering equipment and second tier type 5 and type 6 metering installations

All Charges Exclude GST	Monthly Read	Quarterly Read
Daily MDS Charge per NMI	\$0.13001	\$0.04364

NB:

If 2nd Tier Retailer requests a type 5 interval meter, or 1st Tier Retailer requests an interval meter, UED shall charge an annual meter charge and an upfront installation charge.

Exceptions are:

If the interval meter is UED's "standard" meter for the requirements, and it is a first (new) connection, then no charges

If the installation is a first (new) connection, then the

"upfront installation cost credit" and the "annual meter cost credit" are applicable

If Retailer requests a type 3 or 4 interval meter, and nominates UED as the Meter Provider, UED shall charge an unregulated charge (no set cost - case by case).

An installation cannot have a mix of meter types at a single NMI.

(eg. Cannot have interval and basic meters at a single NMI.)
