Essential Energy Access Price Schedule

Effective 1 July 2010

(Excluding GST)

1.1 APPLICATION FEE

Minimum Application Fee
\$1,061

A minimum application fee applies. The application fee is based on the time spent to assess and process the application and is subject to the rates in the Fees of Monopoly Services.

Monopoly Services are services performed by Essential Energy to facilitate contestable works such as design certification, inspection of works and provision of access permits. These services are required to ensure an appropriate level of reliability, quality of supply and safety is maintained in operation of the network, and are charged for at the AER determined rates in the table below.

Applicable Labour Rates		
Labour Class	Hourly Rate	Overtime hourly rate*
Admin R1	\$64	\$112
Design R2a	\$80	\$140
Inspector R2b	\$80	\$140
Engineer R3	\$96	\$168

* Essential Energy may impose an overtime hourly rate for services provided outside the hours of 7.30am and 4.00pm on a working day.

Travel time permitted for work associated with level 1 work is 60 minutes at the R2 labour rate.

1.2 ANNUAL CHARGE PER POLE

Power Pole Height (metres)	Total Number of Services attached to power pole including the new service (excl SL)		
	1 service (3 ph, ABC or open) + New Carrier	2 services + New Carrier	2 services + Existing Carrier + New Carrier
8	\$70.41	\$46.95	\$35.22
9.5	\$98.50	\$65.68	\$49.26
11	\$105.27	\$70.18	\$52.63
12.5	\$116.13	\$77.43	\$58.07

FOR PUBLIC RELEASE

Access Price Schedule Explanatory Notes**Effective 1 July 2010****ACCESS TO POWER POLES****General**

Essential Energy agrees to grant the Carrier access to its Power Poles to install and maintain Equipment on the terms and conditions of the Carrier Access Agreement.

Access Application

If the Carrier wishes to install Equipment on a Essential Energy Power Pole, the Carrier must submit to Essential Energy:

- 1 payment of the Application Fee; and
- 2 an access application to Essential Energy in a form approved by Essential Energy which must include the following information:
 - a a map showing the location of the Power Pole(s) or other Essential Energy equipment to which the Carrier requests access;
 - b a description of the Equipment and the proposed point of attachment to the Power Pole having regard to the Engineering Practices;
 - c level 3 design information; and
 - d any other relevant information.

Adjustment of Application Fee

Essential Energy may adjust the amount of the Application Fee by publishing a notice on its website www.essentialenergy.com.au at least 20 Business Days before any new Application Fee comes into effect upon the making of an application.

Assessment of Application

If the access application is approved by Essential Energy and the Carrier accepts in writing the inclusion of the access poles in The Agreement, Essential Energy will sign and return a copy of the map and permitted point of attachment to the Carrier. These documents will evidence the Access Licence which commences from the date that it is signed by Essential Energy.

Nature of Access Licence

The rights conferred by Essential Energy under an Access Licence rest in contract only and nothing in an Access Licence creates any tenancy between Essential Energy and the Carrier nor does it confer upon the Carrier any right or interest in the Power Poles by way of occupation rights (other than this Licence) easements, rights of way or otherwise.

Acknowledgement and Warranty

The Carrier acknowledges that to the extent that any Power Pole is situated on land that is not owned by Essential Energy, Essential Energy is unable to authorise, licence or grant rights in favour of the Carrier to enter upon or occupy the land for telecommunications purposes. For each Access Licence, the Carrier warrants that it has obtained Authorisations necessary to enter onto and occupy the relevant land and for planning purposes.

FOR PUBLIC RELEASE

DEFINITIONS

Access Licence means the non-exclusive right to attach Equipment to a Essential Energy Power Pole granted by Essential Energy.

Access Price Schedule means the access price schedule published on the Essential Energy website www.essentialenergy.com.au as amended from time to time.

Adjustment Date means 1 July.

Application Fee means the non-refundable fee set out in the Access Price Schedule and payable under clause 2.2(1) of the Access Carrier Agreement.

Distribution Network means Essential Energy's Distribution Network including all Power Poles, wires and other equipment forming part of or intended for use in the distribution of electricity on the network.

Power Pole means a pole or crossarm on Essential Energy's Distribution Network used or which is capable of being used by Essential Energy to support or suspend wires or cabling above ground level but does not include a pole supporting conductors with an operating voltage greater than 66,000 volts.
